Hours For Liquor Selling Tabled By Co. Commission

Pahokee City Election Delayed Its Ordinance To Conform To Other Glades Cities

Any possible change in operating hours for liquor establishments in the Glades which operate outside the jurisdiction of municipalities, will have to wait another two weeks.

This was the action taken Monday by the Palm Beach County Commission at the suggestion of Commissioner Paul Rardin, Canal Point, who asked for the delay pending the outcome of a city election at Pahokee this week.

Two weeks ago, a delegation representing the town council of South Bay, Belle Glade and Pahokee appeared before the commission and asked that the county establish uniform closing hours in the Glades to conform with midnight closing which had been adopted at South Bay and Belle Glade.

At that time, the commission delayed action since a midnight closing ordinance had not been passed by the Pahokee town council. The ordinance has not yet been passed by that municipality and it was indicated that the city election there would not change the Pahokee policy.

Any change in closing hours in the Glades was opposed Monday by W. M. Johnson, Pahokee, who appeared before the board and asked that the hours be left (Continued on Page 7)

AUXILIARY MEMBERS ATTEND FIRE CONV.

Mrs. Ruby Greer, Mrs. Louise Ellis, Mrs. Ruth Collins, of the Belle Glade Firemen's Auxiliary attended the 25th annual convention of the Florida State Firemen's Association, May 8 in Miami. They were accompanied by their husbands. They took part in a motorcade covering Miami and Hialeah with Fire Chief Lawrence Willis. They visited the Vincent J. O'Meara historical collection of the American fireman. He had on display the earliest to the latest of all kinds of fire equipment.

Later, the group visited all of the new and modern fire stations and the modernized plant at Crandon Park where a barbecue and moonlight dance was held.

The local group commented on the gracious hospitality shown them by the Miami Firemen's Association and Auxiliary.

DISASTER ORGANIZATIONS TO BE FORMED TODAY

City Commission Endorses SR 301 Thru Here To 27

Widening and Extension Of Avenue A To M. Chosen Road Authorized

Complying with a request of the local Chamber of Commerce, the City Commission Tuesday night passed a resolution to the State Road Board requesting the continuation of US 301 from Callahan, Fla. thru 17 to Kissimmee and thence 441 thru Belle Glade to South Bay, where it will follow US 27 into Miami. This is a direct route to Washington, D. C.

Following a petition signed by merchants of the City, the Commission endorsed the request and made the first order of business for the '52-'53 year the continuation of Ave. A to an intersection with the request of the Chamber of Commerce under contract by the State Road Department. The matter of obtaining "right-of-way" for 60 feet of Ave. A was authorized.

There were discussions with several landowners along the way about discomforts along the way but it is expected in the near future.

Two Welcome Signs for the Shriner's Convention to be purchased on behalf of the Negro Civic Women's League.

The condemnation of a burned building belonging to Irene Adams at 717 S. W. Avenue 6 was authorized.

The Chief of Police was asked to provide gradually stop signs at all cross streets where there should be in conformance with the National Safety League's advice and specifications for such signs. Chief was authorized to ask for permission to erect signs.

Inspector Willis called attention of the City Commission to the fact that some \$50,000 worth of valuable street cleaning machinery is being allowed to weather, three at a time.

The Commission directed him to prepare plans and estimates of cost to increase the size of the City's garage facilities to house these pieces of equipment.

ARMED FORCES BLOOD BANK UNIT TO VISIT BELLE GLADE MAY 29

The Dade County Blood Bank Unit which is collecting blood for the Armed Forces will be in Belle Glade all day Thursday, May 29, at the American Legion Hall.

This will be the unit's third visit to Belle Glade since last October.

According to Emmett Roberts, local drive chairman, the unit has collected 150 pints and "We hope this time Belle Glade will go over the top," he said.

The unit's blood collection is to be critical in order to stockpile against emergencies.

Everyone is urged to cooperate in this drive by going himself or arranging to have a relative or employee donate on that day. Kindly call Belle Glade 2811 and register.

The resolution closed with "What Christian is like in Japan and Korea" when they speak at a public meeting May 29, at 8 p. m. at the Community Club House.

Both students at the Bob Jones University in Greenville, South Carolina, the Kims are being brought to Belle Glade through the efforts of the local Prayer Band.

700,000 'Units' Move From Glades For \$1,750,000 To Beat Balance Of The State

To those who fear that "eat-ers" are replacing the vegetable deal in the Glades," it may be some sort of comfort to know that last week the Glades moved as many "units" meaning packages of vegetables, in car lots, as did the entire balance of the State of Florida.

Billy Wilson's State Market organization gets out reports regularly about the movement from the several markets in the State and makes a readable story each time. Last week the story gives Ft. Pierce big news for selling tomatoes and cucumbers at around \$4 for a gross of \$64,000. He lists Plant City for 100,000 units for \$305,000. Wauchoa didn't do bad with 43,228 units for a total of \$122,572.

From nine communities which included Starks, Broken, Palmetto, Immokalee and Ft. Myers, 12 varieties accounted for 351,639 units for a total of \$1,227,296.

The Glades shipped more than 720,000 units and received some

where between one and three quarters to two millions for its twelve varieties.

Our sweet corn alone brought better than half a million; beans brought \$175,000 and celery, which is in the doghouse, close to a hundred thousand.

We're still making chlorophyll and cattle feed from Glades' grasses; we're planting rice, we're growing kani and ramie; and we're still taking in better than \$50,000 weekly at the cattle sales.

There have moved from the east and south side of Lake Okechobee, 10,192 solid cars of vegetables this season, and its commonly agreed among vegetable brokers that as many more by truck; so that to date we have moved from the Glades approximately 20,380 equivalent car lots of winter vegetables this season—and we're not through.

ELECTION OFFICIALS ARE COMMANDED

Election officials this week won a vote of confidence from the Palm Beach County Commission.

The commission followed a recent county-wide check of all the voting machines used in last week's election at the request of Robert Ryan, defeated candidate for state senator who was swamped by a three to one vote by Sen. Russell O. Morrow.

Ryan charged that he hadn't received all the votes to which he was entitled and that there were "errors and mistakes" in the count. It was the same certification that he forwarded earlier this week to Tallahassee.

Commissioner John Price called attention to the fact that it was difficult to get clerks and board members to serve on election boards and said "if they are going to be continually accused of juggling votes they are going to be harder and harder to get."

At Price's suggestion, the board voted to write every election official a letter "to assure them that the people of the county have the utmost confidence in their honesty and integrity."

The board also authorized advertising the polling places and names of the officials for the run-off election next week and instructing Frank Sakser, county voting machine custodian, to have run-off ballots prepared and the machines set up.

PROUD PAPA! YOU BET? IT'S TWIN BOYS!

Mayor Herman Close was not passing out one cigar but rather two on Tuesday last. Expecting only one baby his wife proudly presented him with two sons on Tuesday afternoon at Good Samaritan Hospital. One young lad bounced into this world at 5 lbs. 8 ozs., while the other tipped the scales at 5 lbs. 10 ozs. Both mother and sons are doing fine. Assisting at the birth was Dr. Murray Sigman, formerly of Belle Glade, the father of the twins.

The Closes' have two other children, Linda age nine and Tommy, six.

Shades of the financial banquet enjoyed by bond men, promoters and dragline contractors in the late teens and early twenties are dimmed to the financial relief of taxpayers in what was the heyday of EDD. Drainage District — acreage taxes are reduced to one mill and benefit taxes are cut in half on former EDD taxable lands.

The Central & South F F Control District, legal successors to what was the EDD, has added two tenths of a mill in its own right for the maximum allowable.

Conforming to the legislative instruction, EDD halved the benefit tax which ran from 20 to 25 cents per acre, and now this additional reduction of two tenths; the year '53 is expected to see the remaining half removed entirely.

By resolution the District urged the use of proposed flood damage insurance fund for construction for preventative work as "the only real promise of relief from these disasters."

The Central and Southern Florida Flood Control District Governing Board last Saturday tentatively adopted a \$4,219,900 budget for the fiscal year starting Oct. 1, calling for the maximum authorized level of one mill. The board ordered advertisement of the proposed budget with public hearings scheduled to start June 10 and final adoption by July 10.

The current budget is \$3,032,500, a 25 per cent reduction is 8 mill, according to W. Turner Wallis secretary. The proposed budget provides for additional (Continued on Page 4)

SAFEGUARD STATES RIGHTS

The total taxes an industry pays in relation to its overall income is often stated, but seldom is the tax broken down into its component parts. When that is done it shows how dependent our free educational system is on private taxpaying industry.

To take one illustration out of thousands, a railroad has published an analysis of its total taxes for the State of Montana. From its property tax of \$2,558,126, more than half, or \$1,383,577 goes to state public schools and colleges. The state university receives \$185,378 and elementary and high schools \$119,192.

This is just one company in one of the 48 states. Multiply this company's contribution to education by tax payments from countless other companies over the country and some idea of the magnitude of industry's support of American education can be gained. It totals hundreds of millions of dollars in local taxes.

By supporting schools with local tax dollars education can remain free from all central government dictation and mandatory demands. This in turn protects every citizen from the discipline of a Federally dominated state educational system.

States rights are preserved by taxpaying industries, hence every state has a tremendous stake in encouraging private enterprise.

LOCAL RADIO AUDIENCE HEARS MRS. A. HOPSON

Mrs. A. F. Hopson, an active worker in the local Civic Club was guest speaker on Tuesday morning's radio broadcast. She was introduced to her listening audience by Mrs. Thomas Bregger, mistress of ceremonies on this twice a month feature.

Mrs. Hopson chose as her topic "This Is An Adventure Into the Lands, History and Romance of Spices." She had this to say "There is glamour in the very thought of spices. We think of romance, of adventure, exploration, wars and conquests, which are all bound up in spice history. Spices were the contributing cause for the discovery of America; also for the discovery for a passage around the Cape of Good Hope, and for the colonizing of the East Indies by the Portuguese and Dutch."

"The United States imports more spices than any other country."

"Pepper was first mentioned as a demanded tribute by Greek writers and Roman historians. It gave Venice and Genoa much of their amazing wealth. It is mentioned in the poems of the ancient Hindu. Pepper is found in its native home Malay Peninsula, Sumatra, Java, East Indies, some parts of the United States and other countries. It is the fruit of a vine and the only spice growing on a vine. There is a black and white pepper, the white being the black with the outer black hull removed on the market. The white pepper is not as aromatic nor as pleasing in flavor as the black, but more pleasing in appearance."

"Allspice was so called because it seems to taste like the blend of cloves, cinnamon and mace. It is grown in Jamaica extensively but its home is in the West Indies. It is the fruit of an evergreen tree belonging to the Myrtle family; the same genus as the Clove tree. Allspice is raised mostly from seed; it is mature when 7 or 8 years old and lives for half a century. It is seldom cultivated but may have well drained soil in a hot, dry climate."

"Cinnamon was a source of great wealth to the Dutch and Portuguese. It is also found in Java, China, India, China, East Indies, Japan, Africa and to a limited extent in the West Indies. It is the bark of a tree of the Laural family and grows from 20 to 40 feet high with a straight trunk free of a foot to a foot and half in diameter. It has the appearance of an orange tree. It is the hardest of all spice trees needing heavy rainfall and a temperature of 85 degrees."

"There is a record of cloves written more than 4500 years."

NITROGEN AND POTASH SUPPLIES TO BE LARGER

A survey of the fertilizer situation made by the Production and Marketing Administration reveals that supplies of nitrogen and potash for farm crops this year will be somewhat larger.

The supply of phosphates, however, is expected to be lower. FMA also warned that the improvement in the nitrogen and potash situation could be upset by an increase in industrial uses, or a change in military requirements.

CORN FIELD DAY HELD AT EV. EX. STATION

With summer picnic time creeping up on us like a movie Indian in the underbrush, you should be interested in a study made by a brace of science students at the University of Tennessee. They claim that every sand-dwich dropped on a picnic blanket will fall on an average of 192 bugs. They claim that whether the sandwich was a white or a chocolate one, it will cover 17474 bugs. That's quite a lot, isn't it? The last estimate that these two students made was that a sand-dwich will kill 17474 bugs. The moral is — don't drop your sandwiches on a picnic blanket.

TOO FAST - TOO SLOW
TOO MANY ROAD WRECKS

Three Pompano Beach negroes were drowned Sunday about 8:30 a. m. and two escaped in a highway accident sixteen miles east of Belle Glade on SR No. 60 according to FHP.

Al Riley, age 32, driver of the 1949 Mercury convertible, Lutz Barnes, age 18, Willie Field, 35, lost their lives when they went down with the car unable to swim to safety.

The passengers in the car all got out on top of the vehicle. Walter McCray and Leroy Williams, who could swim made it to the bank in safety.

Deputy Sheriff Gibb Gross and Constable N. Ray Whitlock added the highway patrol in the investigation.

Patrolman Sheffield stated that a rear left tire blew out throwing the car out of control. The car skidded back and forth across the highway and was unable to turn around and then went into the canal. Officers had to drag for one of the bodies, all of which were released to the Taylor Funeral Home.

Mr. Sheffield pointed out that this accident brought the number of deaths in highway accidents in this district to 24 since the first of the year. 20 of these were drowned, 4 were negroes, the remainder white.

The district comprises a part of the Glades in Palm Beach County extending from Twenty-mile Bend on SR No. 60 to the Hendry County line. U. S. Highway No. 27 to the Broward County line, and some 3 miles on the Pahokee road north of Belle Glade.

Practically all the accidents were the result of traveling at too high speeds he stated.

C & S F F C D FAVORS FLOOD CONTROL OVER NAVIGATION IN CANALS

By a resolution the Central and South Florida Flood Control District has said officially that in the use of its channels for navigation or flood control:

"Incidental local use by small craft for recreational purposes and for access and the movement of supplies, equipment and personnel is not prohibited, but is not encouraged, and such use shall be entirely at the responsibility of the user, without cost or liability to the Flood Control District, such use being at all times secondary and subservient to the primary flood control water conservation, reclamation and allied purposes for which

the water ways were established."

The resolution cited that the Florida legislative acts did not authorize as one of the objectives specified, and that the U. S. Engineers who control all navigational projects, recognized flood control as the primary purpose of the project as an element of "incidental benefit" in the overall flood control program.

WORK MEETING HELD BY HOSPITAL AUXILIARY

A business and work meeting was held by members of the Hospital Auxiliary, Monday afternoon at the hospital with Mrs. C. E. Maynard presiding.

Mrs. Harrison Raoul, president of Mr. Parks could not give his consent for the large sewing machine to be sold until the hospital board passes upon such action at its next meeting.

The rummage sale committee reported \$81.15 was made on recent sales.

Members voted to buy a fan for the nurses' lounge and Mrs. Roy Bair was appointed to price the items.

with Russia, it will be on this one proposition - the protection of privacy, not the privacy of property."

Dr. John C. Glenn, Director of Department of Americanism at Florida Southern College was presented by R. Y. Creech and he in turn introduced Dr. Smith. The Glades and Beach community, in particular, was applauded by Dr. Glenn for the quality of her students and their records of accomplishments at Southern.

The new, the ambitious and the bold represented in the administration and curriculum of Southern make this little college attractive to me," said Dr. Smith.

Putting aside the mike, Dr. Smith walked down the aisle nearer to his audience and performed a piece of "talking to" the small audience that combined confident knowledge of the subject, logical strategy without arm flailing that registered nods of approval, enthusiastic applause and permanent conviction to those privileged to hear him.

SOIL SCIENCE STUDENTS STUDY FARM PROBLEMS IN TOUR OF LOCALITY

A group of University of Florida students who are taking a course in Soil Science visited the Everglades Experiment station last Friday and Saturday during a three day field trip.

The students made the tour in a Greyhound bus and included two local boys, Albert Stevens and Buddy Friedheim. While here they toured the station grounds proper, "visited farms" and the Pioneer Coop.

Among the local Experiment Station staff members who spoke to the boys here were Dr. Victor Green, Mr. R. W. Kidder and F. D. Stevenson.

Other stops made by the group included Kissimmee and Welaka.

SMATHERS LETTER

(Continued from Page One)

Senator Russell has been the leader of the Congressional effort to offer a sensible, practical solution for civil rights problems, insofar as legislation can solve such vexing problems. Florida's senator Spessard Holland is author of a resolution submitting a constitutional amendment for the poll tax. Many of us are convinced that any other approach to the poll tax question is unconstitutional. That the Holland resolution has been blocked for four years indicates more than anything else a reluctance on the part of some political groups to surrender an issue upon which they have been able to capitalize.

Senator Russell has led the fight to block in Congress what he has aptly called "the compulsory jail-sentence FEPC." But he has made it clear that he is willing to lead the effort to Congress to enact Civil Rights legislation in the interests of all the people. Senator Russell proposed such a program to President Truman in 1949 but was turned down flat.

The FEPC has always been a false and phoney issue and is not a sectional problem. The protection of a citizen's civil rights regardless of race, color or creed is sincerely desired by the people of the South, as well as the people of the North, East, and West.

It seems to me the "climate" now favorable for men of good will who sincerely desire a solution to this problem, to follow the leadership of Senator Russell in working for an intelligent, reasonable program. Such a program should improve the protection of all citizens' individual civil rights. Such a development may be a shock to some so-called leaders of minority groups for it will remove their hold on blocs of votes, who therefore have most to gain in settlement. It would at once, and for all time put this whole issue so that it will not be

bounced up and down the political arena every four years.

Assistant Postmaster General Osborne A. Pearson has promised to give earnest consideration to the proposal that a commemorative postage stamp be issued in 1953 upon the silver anniversary of the Future Farmers of America.

The work of our young farm folk is frequently inspiring and I am glad to join with Senator Holland and many of our colleagues in urging this recognition for them.

The matter was brought to my attention by a number of friends in Bartow, which is Senator Holland's home town. He also is "working on" the Post Office Department. We have sent to the Postmaster General copies of the splendid letters we have received from Bartow, including those from Billy Tomello, Sam Clark, W. H. Stuart, Jr., and Superintendent of Public Instruction, Claude Hardin, Jr.

Everglades Vocational High

NHA-NFA Sponsor

The New Homemakers and New Farmers of America sponsored their annual banquet Tuesday evening, May 12, at the Homestead Building.

The program began with the presentation of the ceremony by the NFA officers. The feature of the program was the address given by Mrs. Louise Taylor, who spoke on the subject, "The Place of the NFA and NHA in the School, Home, and Life in General." She brought out many good points concerning a well-rounded education in preparation for modern home living. Each member was given many helpful and useful ideas that would guide them in preparation for modern future homes. The visiting patrons and friends were also inspired over this timely address.

Many parents and friends of the community were invited to attend this banquet, which afforded them the opportunity of becoming acquainted with each other, as well as the students and faculty members.

Mrs. E. C. Moore and Mr. J. L. Holiday are NHA-NFA advisors.

Tenth Grade Homemakers Receive Certificates

The tenth grade girls in Homemaking completed the Red Cross courses in Home Nursing and Mother and Baby Care. The courses were coordinated with a chapel program, where 17 girls received certificates. They are the following: Esther Lee, Naomi Murphy, Earlene Jordan, Betty White, Bernice Pompey, Sadie McNeal, Elizabeth Howard, Carrie Howard, Rosa L. Johnson, Janie Frazier, Alberta Rhodes, Genie Wells, Doris Weeks, Laevonia Mims, Emma Jones and Mary Thompson.

At the awarding of the certificates, Mrs. Earnestine B. Moore, the instructor of Homemaking, was given her teaching certificate and instructor's pin by Mrs. Lillian Smith, head Red Cross Nurse.

A picture on TB was shown after the chapel exercises to a group of high school teachers. Primary Department Presents Annual Operetta

The Primary Department of Everglades Vocational High School presented its annual operetta, "A Rose Dream," Wednesday evening, May 7, 1952, at 8:30. The cast of characters included the Queen, Louise Smith; the Rosebud, Alma Frederick; the giant, Forge, Robert Bell; the twins, Can and Can't, Herman and Barbara Williams; Hop-O-My-Thumb, William Smith; Little Rose, Harma Mims; and the Door Fairy, Martha Wright. A host of fairies, elves, and roses, selected from grades 1-5, supported the operetta with singing and dancing. The operetta proved very entertaining and enjoyable to the large crowd of parents and friends who were in attendance.

Tenth Grade Pupil Elected To Attend National Red Cross Convention

The Primary Department of the Junior Red Cross Council met at the Canal Point Elementary School Monday afternoon, May 5, at 2 p. m. for the purpose of electing a representative to attend the National Red Cross Convention, which will be held in Cleveland, Ohio, from June 22 to the 25th. Mary E. Thompson, a member of the 10th grade was elected to attend this convention. She will be accompanied by two other representatives of this district and a chaperon.

Mildred Franklin, a student at Carver High School, Delray Beach, gave a report of the Na-

tional Convention last year.

Schools represented at the district meeting were Lake Shore Elementary, Carver High, Roosevelt High, Boynton Elementary, Pahokee Camp and Everglades Vocational High.

Campus Highlights

With only a few more weeks to go all classes are putting forth great effort to win in the May Queen and King Contest. Enthusiasm has been aroused between the boys and girls in various classes who are working to be King and Queen on May 27.

Attendance Notes

We are very much displeased about our attendance record being so low recently. For the past two weeks something has had the tendency to draw our pupils out of school. Parents have been reminded that we still have an attendance officer.

Teachers and students are filled with happiness and pride to have almost completed a successful school term of '51-'52. Plans are now underway for commencement. Watch this column for our final school activity dates.

Revue A Great Success

Never to-be-forgotten is the musical revue, "From Dixie To Broadway," our third annual presentation was a great success. The revue was presented in the following places: Clewiston, Fort Pierce, Pahokee, Belle Glade and West Palm Beach, Florida.

We want to thank all patrons, patrons and friends again for helping us to make this show a real success, yet some of our experienced were disappointing in many ways.

Assembly Programs

Many interesting and original assembly programs have been presented by the pupils this term which motivated much interest in seasonal and holiday activities. We considered our assembly programs as an integral part of our curriculum. This type of training provides much essential training which does not come from routine training in text-book areas. On May 24, Mrs. Bessie Murray and her busy little first graders will present another assembly program at 1:45 p. m. Everyone is invited to come.

Much praise goes to Miss Edna Gavin and a group of students for their initiative in making flowers for patients at the Pahokee hospital on last Friday for Mother's Day.

New Bethel Baptist Church

Rev. W. Foster, Pastor

Sunday School was opened at the usual hour by Supt. Sandy

Kendall in charge. The teachers were at their post. The lesson was subject, "The Right Use of Sunday."

Morning worship began with a spiritual devotion service. The senior choir rendered an inspirational song service. The sermon was delivered by Rev. T. R. Riley. It was very inspiring. The subject was, "Power in the Gospel." Following this Pastor Porter went down in Jordan and baptized nine.

At 3 p. m. the City-Wide Mission met with president, Georgia M. Douglas in charge. This service was very inspiring. The senior choir met with the president in charge.

Evening Worship began with Deacon R. Keith in charge of the devotion. Again the senior choir sang. The sermon was delivered by Rev. G. A. Rutledge of Jupiter, Fla. He chose his text from St. Luke 8:12.

The Lord's Supper was administered to the members and friends. On next May 18, 1952 is Woman's day. We are asking that each lady participate in the program. There will be

FORMER CHAPLAIN TO CONDUCT REVIVAL AT LAKE HARBOR BAPTIST

Rev. E. McCoy Bynum, of Pensacola, Florida, will be the evangelist in a week of revival services at Lake Harbor Baptist Church. The meeting will begin Sunday, May 18th, and continue nightly through the following Sunday, at 8 P. M. each evening. Special music will be a feature of the services, with the Pastor, H. R. Harlie leading the singing.

Rev. Bynum is an evangelist of many years experience, having also served as chaplain in the Pacific Theatre of the last War. He served as a Baptist Pastor in San Antonio, Texas, before moving to Pensacola, where he now holds the position of Associational Superintendent of Missions, co-ordinating the work of 60 churches, and leading in establishment of new churches in that area.

A hearty invitation is extended to all in the Glades area, to attend the meetings, and hear this dynamic preacher.

Pastor Harlie also announced that a new addition is under construction which will give additional space for educational and recreation purposes. It will include classrooms, kitchen, restrooms, pastor's study, and with a folding partition between the larger rooms which make it possible to convert into a recreation or dining hall, suitable for social purposes.

The revival meeting will culminate with an observance of annual "Homecoming Day," with dinner on the ground on May 25th, the last Sunday and an afternoon service, with a sacred music concert as a feature.

MRS. E. M. LIVELY INSTALLED PTA PRES.

At the last meeting of the school year held Monday night in the High School auditorium, recently elected officers of the P.T.A. were installed in office by Mrs. M. D. Worley of West Palm Beach, president of the P.T.A. County Council. She was introduced to her audience by Mrs. F. C. Dooley, program chairman.

Taking office were Mrs. E. M. Lively, president; Mrs. W. D. Matthews, first vice president;

Mrs. E. D. Humphries, second vice president; Mrs. R. E. Tucker, recording secretary; Mrs. J. R. Davidson, corresponding secretary; Mrs. J. A. Pike, treasurer; Miss Kathleen Rogers, historian; Mrs. J. A. Bail, Jr., parliamentarian and Mrs. Lee Puckett, delegate at large.

The devotion was given by Mrs. E. L. Holladay. Mrs. E. L. Pike, in her treasurer's report stated the current year is closing with \$829.47 in

the treasury. The group voted to set aside \$500 of this amount to be used for the new school library.

It was also decided to have the Halloween Carnival as the only money making project in the 1952-53 season.

Annual reports were given by committee chairmen and officers.

The P.T.A. at the suggestion of Mrs. Worley voted to contribute \$5.00 toward a desk to be used in the office of the executive secretary of the state P.T.A. at Orlando.

The room count was won by the fourth grade.

Hibiscus corsages made by Mrs. Ralph Kirk were given to all of the new officers.

Following the meeting refreshments were served. On either end of a lace cloth covered table were punch bowls entwined with fern and sweet peas. Mrs. Harrison Ratul was chairman of the hostess group and was assisted by Mrs. G. R. Townsend, Mrs. E. A. Lindros, Mrs. L. P. Parson, Mrs. W. T. Forsee, Mrs. W. S. Ingram, Mrs. E. M. Van Landingham and Mrs. R. V. Allison.

HOURS FOR LIQUOR (Continued from Page 1)

as they now are. The commission learned from its attorney, Harry Johnson, that no provision is made in state statutes for adopting individual sets of closing hours for various sections of the county. He said that such changes, if adopted, should be validated by the court.

Funds for 4-H Club short courses and summer camps were released by the commission at the suggestion of Rardin. Request for the club money came from M. U. Mounts, county agent.

Other actions by the board included:

Authorizing County Engineer J. M. Boyd to proceed with conversion of a hangar at International Airport as a commercial airline terminal. The Army plans to take over the present terminal on June 1. The hangar, on the south side of the field, will be remodeled and two additional buildings will be constructed to take care of housing for governmental weather and communications agencies which operate from the base. The conversion and buildings are expected to cost between \$25,000 and \$50,000 Boyd said.

EXTENSION OF AVE. A APPROVED BY C. OF C.

The call meeting of the Chamber of Commerce Board of Directors was interrupted temporarily Monday night for rather an unusual but good weather purpose. Mr. and Mrs. Bob Edens of Belle Glade were to leave at 4 a. m. Tuesday morning for California and called at the Chamber building in their efforts to obtain absentee ballot affidavits. Mr. William Graber turned the chair over to Mr. R. E. Hotard and went to his office for the necessary affidavits while Mr. Junius Harris hurried along to his office so as to not lose the same.

Attending Monday night's meeting were Mr. W. C. Bamford, Mrs. R. E. Hotard, Mr. Ivan Van Horn, Mr. H. O. Earwood, Mr. Junius Harris, Mr. William Graber, all members of the board and Mrs. George C. Young secretary.

Mrs. Young was instructed to write to Mr. Nathan Mayo as to the feasibility of establishing an extension of the State Agricultural College at Belle Glade or the setting up of an agricultural college here.

A membership and financial report was given by Mrs. Young. The directors volunteered to contact delinquent members. Mr. Earwood presented a resolution relative to re-numbering the various routes from Callahan, Fla. down the Eastern Seaboard to Miami. As called for it would be U. S. 901 east going via No. 1 to Jacksonville, 17 and 441 to Kissimmee, 441 to Belle Glade, State Rd. 80 to South Bay, State Rd. 25 (U. S. 27), South Bay to Miami. This was approved by the board and the resolution will be sent to Mr. Albert McEthan, chairman of the State Road Commission, suggesting this alternate highway. A copy was to be sent to the City Commission.

A resolution was presented and approved by the board of directors relative to extending Ave. A to the new highway of South Bay highway. It was directed this resolution be presented to the City Commission. Mr. Harris reported that he have been drawn up for a dock at the Port of Belle Glade by

the engineers of the Port Commission.

Both Mr. Hotard and Mr. Graber told of the progress being made by the Rice Co-operative. Mr. Hotard plans to do research work on rice milling operations in Louisiana during his vacation. He will also attend the convention of Lions International in Mexico City and requested brochures and pamphlets for distribution advertising Belle Glade.

CORONATION SERVICE HELD BY BAPTISTS

A colorful coronation service was held by members of the G. A. Wednesday night, May 7 at the First Baptist Church.

The evening's program opened with Sammy Knight and Freddy Forsee dressed in white lighting the candles. Mrs. Carl Hayes, young people's director gave a scripture reading and introduced Miss Elizabeth Province of Jacksonville, State Young People's secretary, who directed the coronation service.

The first to appear were the maidens all of whom were wearing in pink evening dresses. The group included Frances Sloan, Sandra Gove, Elizabeth Barber, Georganne Mills, Betty Norr, Linda Evans and Barbara Gregory.

Molly Forsee, Susan Clarke, Sarah Norman, as ladies in waiting and dressed in blue followed the maidens. The three princesses Maribelle Schlechter, Alice Paye Herring and Martha Paye Davidson were attired in green.

Little Janet Kirk served as the queen's flower girl, while Suzanne Forsee carried the queen's crown on a white satin pillow.

Suzanne Forsee made a most gracious queen and chose her coronation robes a yellow evening dress and matching net stole.

The queen with sceptre was Diane Griffin, who wore white satin and she had as her attendant, Evelyn Harris, who carried the queen's sceptre in her hand and a pin on a silver tray. Little Barbara Kirchman served as flower girls.

Awards were made to the girls by Mrs. Wallace Lutz and Mrs. D. G. Herring, who serve as G. A. counselors.

HORTICULTURISTS VISIT EXP. STA.

A group of vegetable horticulturists representing Gainesville, Sanford, Hastings, Bradenton and Homestead Experiment stations held a two day annual meeting at the Everglades Experiment Station last Thursday and Friday. Local hosts were Mr. Emil Wolf and Dr. Victor Guzman of the Horticulture Department at the local station.

Thursday was spent in discussing horticultural and allied problems. Bell's restaurant was the scene of a group dinner in the evening.

On Friday the scientists visited fertility plots of Dr. T. E.

Forsee and Mr. Emil Wolf, the insect control trials supervised by Mr. Walter H. Thames, Jr. and Mr. William Genuing, the Helminthoporum nursery owned by Mr. Frank V. Stevenson is in charge, and saw the functional work being done by Dr. Warren N. Stoner.

Re-usable
LIFEGUARD SAFETY TUBE
by
GOODYEAR
Blowout-Safe! Puncture-Safe!

Here it is! The new Lifeguard Safety tube that makes the tube blowout harmless and instantly seals punctures. And this complete protection is economical. These new tubes will serve through as many as three sets of tires for 100,000 miles of re-usable protection. Come in for your set today.

1 No more worrying about blowout accidents.

2 No more lost time changing flats from punctures.

ORDINARY TUBE
When this tube blows out, all the air escapes in a rush and very often the car is thrown out of control. Traffic accidents may result.

How the LIFEGUARD works
Blowout-safe... When this tube blows out, only the air in the outer chamber escapes. The inner chamber remains enough air to permit a safe, unobstructed stop. No traffic accidents result.

Puncture-Safe... When this tube is punctured, the puncture sealant (a layer of gum rubber) flows into the hole and around the puncturing object to prevent loss of air.

You're money ahead when you buy on these PLAIN HARD FACTS

RUGGED as they come!

Stack up what you get for what you pay... and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners... and for good hard-headed reasons. Because what they get is this:

Low Cost—in purchase price and in upkeep. A truck that gets the job done. A truck that's rugged, long lasting.

Take a look at the four facts below... and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

FACT NO. 1
Save money on these prices
Stack up a Chevrolet truck against any other truck with comparable performance. You'll find the Chevrolet truck lists for less.

FACT NO. 2
Save money on operating costs
Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3
Save money on job efficiency
Chevrolet trucks are factory-matched to your jobload requirements. You don't buy "too much or too little truck."

FACT NO. 4
Save money on low depreciation
Records show that Chevrolet trucks traditionally bring more money at resale than any other make which costs about the same new.

REVISED SAVINGS BONDS
NOW OFFERED PUBLIC

V. H. Northcutt, President of The First National Bank of Tampa and Chairman of the Treasury Department's Savings Bonds Advisory Committee for Florida has announced that the Defense Bonds Program is offering immediately a revised Series E Bond and two new bonds, Series J and K. Sales of Series F and G Savings Bonds will be discontinued after April 30, making way for Series J and K.

A new Series H bond will go on sale June 1. Commenting on the "distinguished service in the cause of the United States" rendered by the Series E, F and G Savings Bonds since they were first offered to the American people on May first eleven years ago, Mr. Northcutt said: "To this date almost one and one-half billion units of these Bonds have been purchased and today individual citizens hold almost \$50 billion worth of them, at current cash value. Of this, some \$34.8 bil-

lion is in E Bonds, alone — the most widely-held and popular security in all history. "The face of our land has undergone dramatic changes in these eleven years," Mr. Northcutt continued. "Florida is dotted with new homes that Savings Bonds made possible. Equipped with labor-saving devices financed through Bond savings, whole thousands of new automobiles have been purchased and today individual citizens hold almost \$50 billion worth of them, at current cash value. Of this, some \$34.8 bil-

"The changes announced recently are another step in the Treasury's long-range planning to make these bonds more useful for both savers and investors. Back in 1948, the annual limit of Series E Bonds purchases was doubled to \$10,000 in line with expanding personal incomes. When the first E Bonds matured on May 1, 1951, the extension of their accrual period by up to ten additional years, if the owner wishes to hold the matured bonds, was authorized by Congress at the Treasury's suggestion. That this was a real service to E bond holders is shown by the fact that 75 percent of the E Bonds that matured in the eleven months up to the first of April have been retained by the owners."

"Now, with the offering of a revised E bond, and three new Savings Bonds series, the needs of all kinds of investors are being met, in line with present conditions. Defense Bonds are a better investment than ever, and more and more people of Florida will be saving through them and investing their savings in them," Mr. Northcutt concluded.

Too Late To Classify
Russell Kay

Last week end I was privileged to attend the annual dinner of the Associated Industries of Florida held at the George Washington Hotel in Jacksonville. Speaker of the evening was Fulton Lewis, Jr., national

known Mutual network news commentator and columnist. I have long admired Lewis, enjoyed his broadcasts and his writing, but found him even more appealing as a speaker. I wish that every man, woman and child in Florida could have heard him for his message was one every American should hear and thoughtfully consider.

What he said was pleasant in fact it was downright frightening. Speaking straight from the shoulder, with no holds barred, Lewis pictured the pitiful situation this nation is in today as clearly and vividly as it could possibly be presented.

Like Christ flaying the money changers in the Temple, Lewis, his voice ringing with sincerity, tongue-lashed the petty politicians, the 10 percenters, the chiselers, the political opportunists, the reds and pinks, moral degenerates and all the rest of the ghoulish, sickening hoard that today sit in the seats of the mighty and eagerly sell for 30 pieces of silver.

He called on the decent men and women of America to arise and smite these parasites. He urged a rebirth of the "Spirit of '76" — a return to the tried and proven philosophy of Washington, Jefferson, Franklin, Lincoln and other great Americans who looked on public office as a public trust, God-fearing, courageous patriots who founded and safeguarded this nation so that you and I might enjoy its freedom and liberty.

Pointing out that President Truman during his term of office has spent more money than all of the other presidents since Washington, he pictured our precarious position balanced above the chasm of economic and financial disaster which could be even more destructive than a flock of atomic bombs. He called on a generation many years ago that this nation was awed when the expenditure of one billion dollars was being given for national or international aid. Now we talk in terms of countless billions and the people do not even turn a hair — why should they? Who can visualize the meaning of the word "billions"?

To forcefully present it in terms that the average person could understand, Lewis said that we visualize a printing press capable of printing a brand new dollar bill every second. He pointed out that if such a press had been put in operation the day Christ was born, and since that time had been operating continually for 24 hours a day turning out dollar bills every second without fail up through the rise and fall of

the Roman Empire, the voyage of Christopher Columbus, discovery of the new world, the birth of our nation, the Civil War, World Wars I and II up until the present day, and all those dollar bill were stacked in a pile, we would still find ourselves faced with such a pitiful few dollars that if we wished to pay off the national debt that is now ours we would find that the press would have to continue to run 24 hours a day turning out a dollar every second for another 6,000 years before we would have enough dollars to meet the debt.

The American dollar that used to be worth 100 cents and could be spent on that basis is now worth only 35 cents. If we continue to permit the extravagance and waste now being practiced by all governmental subdivisions plus ever increasing taxes, city, county, state and federal, that dollar will continue to be thrown into value until the nation is thrown into economic chaos. The philosophy of the present administration seems to be that we can have our cake and eat it too; we can spend and spend, elect and elect, TAX and TAX, and that there will never come a day of reckoning. History tells a different story, nation after nation before us has traveled the same perilous path only to meet its destruction.

Unless we, as a people, you and I and our neighbor, come to the realization of what is happening to us and standing shoulder to shoulder, forget petty politics, and vote for ourselves and our children, for principles rather than moth-eaten, core-rotten parties for honesty, integrity and a down-to-earth common sense administration, a balanced budget, and individual independence, we will find ourselves behind an Iron Curtain of our own making.

We have had enough of "New Deals" of "Fair Deals" and political catch words. These silly and false philosophies have brought a great, powerful and proud nation to its whimpering knees; we no longer can defend our citizens from torture and oppression, we wallow in the filthy slime of fear.

Unless we, as a people, call our leaders to account, unless we as individuals take an interest in government and demand an accounting, God Help America.

FLORIDA CONTINUES 4-H
SAFETY HEALTH AND
RECREATION PROGRAMS

Three national 4-H programs, in which club boys and girls help to make rural America safer, healthier and happier, are being continued this year in Florida, the State Club office has announced. They are the Farm and Home Safety, Health Improvement and Recreation-Rural Arts programs, all conducted under the direction of

the Cooperative Extension Service. Illustrative of club members' activities in the three programs, 1951 records show that more than 580,000 members took part in the Farm and Home Safety program checking and correcting accident and fire hazards on home grounds and farmsteads; nearly 750,000 4-H'ers improved their own health and cooperated in improving health conditions in their homes and communities, and a half million 4-H boys and girls assisted in developing recreational activities, as well as took part in music and art appreciation.

Incentives for outstanding county records of achievement in these programs are merit medals for winners in Safety, provided by General Motors, and certificates of honor for those in both Health and Recreation-Rural Arts, in which Kellogg Company, Battle Creek, Mich., and U. S. Rubber, respectively, are the awards donors.

The respective donors also provide trips to the National 4-H Congress in Chicago next November for State winners in Safety and Health. In the latter, cash award of \$20 to each are presented to ten clubs carrying the best health programs in the State. In Recreation-Rural Arts, a \$25 cash award for the purchase of equipment will be given to each county naming a blue award group of 4-H Clubs.

National awards are college scholarships of \$300 each for eight top health winners in Safety; \$100 U. S. Savings Bond and blue ribbon in Health, and Chicago Club Congress trip for each of 12 champions in Recreation and Rural Arts.

CATS-KITTENS-COMMOTION
REIGN AT BELL'S DRUG

An atmosphere of peace and tranquility once again graces the atmosphere of Bell's Drug Store following two days, which were anything but peaceful in nature.

It seems the well-known felines, who is a permanent fixture in the store gave birth recently to three kittens. In so doing she shot an out of the way spot for bringing forth her young, which cats are wont to do. No such place as a basket of towels or an empty carton would do for this fine feline. Rather she found a hole no larger than a man's fist, crawled down into it below the floor and there brought forth her young.

In due course of time she emerged from her hideout bringing her two of the three kittens. The third she left behind apparently feeling no guilt whatsoever over abandoning the yawling offspring. And yowl it did.

According to reports, women patrons of the drug store gave vent in no uncertain terms as to what should or should not be done about the neglected kittens.

len. Due to the size of the opening it was impossible to reach in and remove the young one. In fact it looked for awhile as if it would be necessary to close the floor for alterations while the store was being torn up and the cat removed.

As hope dimmed for an easier rescue the solution was suddenly found by taking away from the mother the two kittens she was so fondly guarding and at last feeling the pangs of unrequited mother love she disappeared through the hole and came forth with her third offspring.

And so once again all is peaceful in the drug store as mother and family enjoy the attention heaped upon them by Mr. Bell's patrons.

FLORIDA POWER & LIGHT COMPANY

You can swing it if you try

HAVE you, by any chance, been casting eyes at a Buick, and promising yourself that someday you will take the Big Step and have one all your own?

Let us whisper something to you. The "big step" isn't big at all.

We know that's true, because such a high percentage of present Buick owners traded in a car tagged as belonging in "the low-priced field."

So why not set your sights on this star performer?

Why not enjoy big-car comfort — big-car power — big-car prestige for your money?

There's one of these lively lovelies waiting for you to come in and try it.

Get the feel of its mighty Fireball 8 Engine, that's a gas-saving high-compression valve-in-head. You could pay \$300 to \$400 more for a car that doesn't match its horsepower.

Get the feel of Dynaflo Drive*, that lets you ride relaxed—feeds a silken flow of power — and at the same time cuts down on upkeep costs, by protecting the engine, the rear end, and even the tires, from driving strains.

Get the feel of a ride that cost a million dollars and more for

controls of end-sway and side-roll and vertical "throw"—for X-bracing the frame and V-bracing the torque-tube keel—for a total of 15 ride-engineering features.

One thing you'll know for sure when you've tried it. This car wasn't "built to a price." It's a Buick through and through.

But the fact remains that—when you check the price of a Buick SPECIAL against the price tags on so-called "low-priced cars"—you'll find out you can swing it if you really want to.

And brother, what that make your family happy!
